- Class X (CBSE) | CGPA: 10

Skills

Python | JavaScript | C++ | Java | Spring boot | Ionic | Angular | Postgresql | MySQL | Git | BitBucket | JIRA

Work Experience

Xcaliber Infotech | Software developer   **Nov 2022 - Present**
- **Innovative Web Application Development**: Engineered dynamic web applications utilizing Angular, Ionic and Bootstrap, delivering an engaging and seamless user experience.
- **Streamlined Authentication Processes**: Seamlessly integrated Google Sign-Up authentication and reCAPTCHA, ensuring secure and efficient user authentication.
- **Build Tool Optimization**: Enhanced build processes by transitioning from Maven to Gradle, improving build efficiency and flexibility.
- **Comprehensive Code Quality Assurance**: Engaged in rigorous code reviews and applied best practices to ensure high-quality software solutions.

Projects

Portfolio   **August 2024**

A responsive portfolio built with HTML, CSS, JavaScript, and Bootstrap, featuring GSAP animations that showcase my technical skills, diverse projects, and professional work experience.

Features:
- **Responsive Design:** Crafted to adapt seamlessly to different screen sizes.
- **GSAP Animations:** Integrates GSAP (GreenSock Animation Platform) for dynamic, smooth animations throughout the portfolio.
- **Custom Styles with SCSS:** Utilizes SCSS for advanced styling options, allowing for better management of styles.
- **Interactive Elements:** JavaScript is used to enhance user interaction.

FoodVilla   **Apr - July 2024**

Developed a comprehensive recipe application with a focus on a user-friendly interface and a robust backend system to manage recipes, user data, and orders.

Features:
- **Recipe Management:** Provides API endpoints for CRUD operations on recipes.
- **User Authentication:** Secure user registration, login, and role-based access control with password encryption.
- **Ingredient Ordering:** Manages ingredient availability and user orders through dedicated endpoints.
- **Database Integration:** Uses PostgreSQL with Spring Data JPA for ORM.
- **RESTful API:** Fully developed RESTful API for easy frontend integration.

Academic and Extracurricular Achievements

- **Adventurous Activities:** Engaged in exciting treasure hunts, showcasing teamwork and problem-solving skills.
- **Performing Arts:** Participated in college dance performances and directed school skits, highlighting creativity and leadership abilities.

Positions of Responsibility

House Captain: Led and motivated a team of students, fostering teamwork and collaboration. Organized events and activities, demonstrating strong leadership and communication skills.
